

**HORIZON FD102: SHOWSTOPPING METALLIC GRAY HULL**

Horizon says the owners of *Untethered*—Hull No. 3 of the FD102—asked for a four-stateroom layout that included an on-deck master with his-and-hers heads, plus an onboard gym and full laundry facilities. The builder made those requests a reality and outfitted the yacht with walnut, dark-wenge accents and bronze inlays. On the bridge deck, the owners chose the styling of a gentlemen's club for the sky lounge, which can be used in all weather conditions. For nice days, the foredeck houses a hot tub, refrigerator, freezer, handheld shower and more, with a removable sun awning for protection. A fire pit is on the boat deck aft. Look for *Untethered* to cruise while towing a 33-foot Valhalla tender.
